**EnVision Math, Interactive Homework** Sep 28 2019 Envision a math program that engages your students as it strengthens their understanding of math. enVisionMATH uses problem based interactive learning and visual learning to deepen conceptual understanding. It incorporates bar diagram visual tools to help students be better problem solvers, and it provides data-driven differentiated instruction to ensure success for every student. The best part, however, is that this success is proven by independent, scientific research. Envision more, enVisionMATH!

**Open Court Reading - Teacher's Edition - Unit 1 - Grade 6** Apr 27 2022 Each Teachers Edition focuses on a specific theme and depending upon the grade level, contains explicit, systematic instruction in phonemic awareness, print and book awareness, alphabetic knowledge, phonics, fluency, word structure, vocabulary, comprehension, spelling and writing, appropriate to the specific grade level.

*Eureka Math* Sep 01 2022 Eureka helps students to truly understand math, connect it to the real world, and prepare them to solve problems they haven't encountered before. The team of teachers and mathematicians who created Eureka Math believe that it is not enough for students to know the process for solving a problem; they need to know why that process works. Eureka presents math as a story, one that develops from grades PK through 12. In A Story of Units, our elementary curriculum, this sequencing has joined with the methods of instruction that have been proven to work, in this nation and abroad.

*The Book of Fingerplays and Action Songs* Sep 08 2020 From "The Wheels on the Bus" to "Eensy Weensy Spider," these classic songs combine movement and music to create a high-energy, fun experience for children. At the same time, children learn coordination skills and the musical concepts of form and expression. Easy to learn and fun to sing, fingerplays and action songs are a wonderful way to engage children, while at the same time plant seeds of musical sensitivity and imagination. This special book, for the first time, collects the most cherished of these songs (some in danger of being lost or forgotten), enabling your family to carry on the tradition of laughter and learning that fingerplays and action songs have inspired for generations!

**Wonders Grade 3 Teacher's Edition Unit 4** May 17 2021 "Wonders is designed to foster a love of reading in all children. By providing a comprehensive set of connected resources for all learners in grades K-6, Wonders offers educators the ability to adapt instruction with confidence as students grow. [Wonders'] focus on teaching the whole child -- and every child -- prepares students to be lifelong learners and critical thinkers." --Publisher's website.

*Performance Task Assessment, Grade 4* Feb 11 2021

**Daily Higher-Order Thinking, Grade 4** May 29 2022 Critical thinking skills are more important than ever in academic and real-world situations. Daily Higher-Order Thinking provides you with daily activities that build and grow students' problem-solving skills in engaging formats such as logic and visual puzzles, brainteasers, creative writing, picture comparison, word play, and "what if" questions. Daily 20-minute practice lessons help students apply critical thinking skills across subject areas. The lessons develop students' higher-order thinking skills and allow them to integrate their learning and make deeper connections between their learning and the real world. Use Daily Higher-Order Thinking for warm-up exercises, extension activities, early finisher tasks, and small-group center activities to develop your students' critical and creative thinking skills. How it works: - Monday-Friday: Full-page daily activities focus on a specific behavioral verb each day. The verb is defined at the top of the page so students become aware of when and how they are using the thinking skill. - Each full-page activity gives students an opportunity to practice a higher-order thinking skill in the context of a different curriculum area. - Questions and tasks are open-ended and can be used to promote peer-to-peer discussions as students share and discuss answers, while also fostering critical thinking skills. - An answer key provides sample responses for each day's activities. Evaluate students' responses based on your own expectations and on what content your students have encountered. Grade 4 activities include: logic puzzles, creative writing, picture comparisons, and "what if" questions. Daily lessons practice higher-order thinking skills such as: - Analyzing - Predicting - Designing - Composing - Organizing - Evaluating - Imagining - Strategizing

**What Every 2nd Grade Teacher Needs to Know** Jul 27 2019 You're teaching 2nd grade this year. What do you need to know? In a warm, conversational style punctuated with anecdotes and examples from her own classrooms, Margaret Berry Wilson reviews second graders' common developmental characteristics and shares practical know-how on topics such as: Arranging a circle, desks, and tables Choosing and storing supplies Scheduling a child-centered day and teaching daily routines Planning special projects and field trips that maximize learning and build community Understanding the special concerns of second graders' parents and finding the best ways to communicate with them
