**Global Perspectives on Media Events in Contemporary Society** Mar 28 2022 Media events have been described as broadcasts that involve an engaged audience viewing the same event simultaneously; though this definition is still relevant, the way media outlets interact with and react to their audiences has greatly changed. This is in part due to the emergence of social media platforms which allow a participatory audience, something that genre-specific television channels now rely on. Because these genre-specific, 24-hour channels seek to hook viewers with hyperbolic presentation and the illusion of large media events, the original definition must be adapted. **Global Perspectives on Media Events in Contemporary Society** seeks to re-define the role of the media in relaying information about current events within a modern context.

Determining what constitutes as and the proper presentation of a media event is of great importance given the ubiquity of media consumption. This book approaches the topic from historical, ceremonial, and globally cultural perspectives while addressing news, sports, and other significant current events. It is a vital resource for students and teachers of communication, media, and journalism, professionals in the media industry, policy makers, and sociologists.

**Fat White Vampire Blues** Nov 04 2022 He's undead, overweight, and can't get a date Vampire, nosferatu, creature of the night—whatever you call him—Jules Duchon has lived (so to speak) in New Orleans far longer than there have been drunk coeds on Bourbon Street. Weighing in at a whopping four hundred and fifty pounds, swelled up on the sweet, rich blood of people who consume the fattiest diet in the world, Jules is thankful he can't see his reflection in a mirror. When he turns into a bat, he can't get his big ol' butt off the ground. What's worse, after more than a century of being undead, he's watched his neighborhood truly go to hell—and now, a new vampire is looking to drive him out altogether. See, Jules had always been an

equal opportunity kind of vampire. And while he would admit that the blood of a black woman is sweeter than the blood of a white man, Jules never drank more than his fair share of either. Enter Malice X . Young, cocky, and black, Malice warns Jules that his days of feasting on sisters and brothers are over. He tells Jules he'd better confine himself to white victims—or else face the consequences. And then, just to prove he isn't kidding, Malice burns Jules's house to the ground. With the help of Maureen, the morbidly obese, stripper-vampire who made him, and Doodlebug, an undead cross-dresser who (literally) flies in from the coast—Jules must find a way to contend with the hurdles that life throws at him . . . without getting a stake through the heart. It's enough to give a man the blues.

[Pioneer Photographers from the Mississippi to the Continental Divide](#) Oct 23 2021 This biographical dictionary of some 3,000 photographers (and workers in related trades), active in a vast area of North America before 1866, is based on extensive research and enhanced by some 240 illustrations, most of which are published here for the first time. The territory covered extends from central Canada through Mexico and includes the United States from the Mississippi River west to, but not including, the Rocky Mountain states. Together, this volume and its predecessor, *Pioneer Photographers of the Far West: A Biographical Dictionary, 1840-1865*, comprise an exhaustive survey of early photographers in North America and Central America, excluding the eastern United States and eastern Canada. This work is distinguished by the large number of entries, by the appealing narratives that cover both professional and private lives of the subjects, and by the painstaking documentation. It will be an essential reference work for historians, libraries, and museums, as well as for collectors of and dealers in early American photography. In addition to photographers, the book includes photographic printers, retouchers, and colorists, and manufacturers and sellers of photographic apparatus and stock. Because creators of moving panoramas and optical amusements such as dioramas and magic lantern performances often fashioned their works after photographs, the people behind those exhibitions are also discussed.

**Over Our Heads** Jun 30 2022 *Over Our Heads*: the brilliant debut by Andrew Fox. A young man rushes to the bedside of his ex, knowing the baby she's having is not his own. Travelling colleagues experience an eerie moment of truth when a fire starts in their hotel. A misdirected parcel sets off a complex psychodrama involving two men, a woman and a dog ... Andrew Fox's clever, witty, intense and thoroughly entertaining stories capture the passions and befuddlements of the young and rootless, equally dislocated at home and abroad. Set in America and Ireland - and, at times, in jets over the Atlantic - *Over Our Heads* showcases a brilliant new talent. 'The stories are wonderfully crafted and cared-for, the undertones are witty and ironic, but also serious and filled with sympathy' Colm Tóibín, *Guardian* 'Over Our Heads is full of surprises, all of

them great' Roddy Doyle, winner of the Booker Prize 'Deft, clever, intense - this is a terrific debut from a very gifted new writer' Kevin Barry, winner of the IMPAC prize 'Andrew Fox's stories are slivers of power; knowing, watchful and burning with intelligence. Lives half-lived or grasped at; loves longed for and destroyed; the journey of the modern emigrant who goes away in the same daze in which he comes home: these are stories which linger long after they have been read' Belinda McKeon 'Fox is skilful at probing the bigger emotions: alienation, loss and nostalgia. His sparse prose is an effective counterpoint to complex feelings. His stories deal with the moments that shape a life: first trysts, the illness of a parent, the graduation of a child. ... Fox knows the hallmark of a good short story: leave the reader wanting more' Financial Times 'An impressive and thoroughly enjoyable collection ... Fox lets his characters tramp around their worlds, searching for heaven on earth' Irish Times 'Achieves the effect of intimating deep fissures of pain and longing beneath the lightest of surface cracks. Fox's prose is poised and confident, a well-honed tool with which to treat his delicate subject matter' Sunday Times 'The best of these stories are very good indeed ... While there are few happy souls in these arresting stories, the reader can find consolation in Fox's supple prose and frequently subtle insights' Irish Independent 'A remarkable new talent ... He is able to tread so lightly that we only realise we have been cleverly punched in the solar plexus after we finish the last line' Irish Mail on Sunday (five stars)

A Theory of General Ethics Sep 21 2021 With A Theory of General Ethics Warwick Fox both defines the field of General Ethics and offers the first example of a truly general ethics. Specifically, he develops a single, integrated approach to ethics that encompasses the realms of interhuman ethics, the ethics of the natural environment, and the ethics of the built environment. Thus Fox offers what is in effect the first example of an ethical "Theory of Everything." Fox refers to his own approach to General Ethics as the "theory of responsive cohesion." He argues that the best examples in any domain of interest—from psychology to politics, from conversations to theories—exemplify the quality of responsive cohesion, that is, they hold together by virtue of the mutual responsiveness of the elements that constitute them. Fox argues that the relational quality of responsive cohesion represents the most fundamental value there is. He then develops the theory of responsive cohesion, central features of which include the elaboration of a "theory of contexts" as well as a differentiated model of our obligations in respect of all beings. In doing this, he draws on cutting-edge work in cognitive science in order to develop a powerful distinction between beings who use language and beings that do not. Fox tests his theory against eighteen central problems in General Ethics—including challenges raised by abortion, euthanasia, personal obligations, politics, animal welfare, invasive species, ecological management, architecture, and planning—and shows that it offers sensible and defensible answers to the widest possible range of ethical problems.

**No Time Like the Future** Jun 06 2020 The entire world knows Michael J. Fox as Marty McFly, the teenage sidekick of Doc Brown in Back to the Future; as Alex P. Keaton in Family Ties; as Mike Flaherty in Spin City; and through numerous other movie roles and guest appearances on shows such as The Good Wife and Curb Your Enthusiasm. Diagnosed at age 29, Michael is equally engaged in Parkinson's advocacy work, raising global awareness of the disease and helping find a cure through The Michael J. Fox Foundation for Parkinson's Research, the world's leading non-profit funder of PD science. His two previous bestselling memoirs, Lucky Man and Always Looking Up, dealt with how he came to terms with the illness, all the while exhibiting his iconic optimism. His new memoir reassesses this outlook, as events in the past decade presented additional challenges. In No Time Like the Future: An Optimist Considers Mortality, Michael shares personal stories and observations about illness and health, ageing, the strength of family and friends, and how our perceptions about time affect the way we approach mortality. Thoughtful and moving, but with Fox's trademark sense of humour, his book provides a vehicle for reflection about our lives, our loves, and our losses. Running through the narrative is the drama of the medical madness Fox recently experienced, that included his daily negotiations with the Parkinson's disease he's had since 1991, and a spinal cord issue that necessitated immediate surgery. His challenge to learn how to walk again, only to suffer a devastating fall, nearly caused him to ditch his trademark optimism and "get out of the lemonade business altogether." Does he make it all of the way back? Read the book.

all fattening food products as illegal contraband. A pound of real chocolate is worth more on the black market than a kilo of cocaine. Evil "nutraceutical" company MannaSantos controls the food market with genetically modified products, such as "Leanie Lean" meats. But the craze for svelte healthfulness has reached a critical turning point, as a mysterious wasting plague threatens to starve all of humanity. A lone ex-plastic surgeon and founding Good Humor Man, whose father performed a secret liposuction surgery on Elvis Presley, holds the key to humanity's future. In a mad dash to retrieve his family heirloom—the mortal remains of the King's belly fat—Dr. Louis Shmalzberg becomes entangled with a civil servant of questionable motives, an acquisitive assassin from a wealthy Caliphate, a power-mad preacher evangelizing anorexia, a beautiful young woman addicted to liposuction, and a homicidal clone from a MannaSantos experiment gone terribly wrong. Can Elvis save the world sixty-four years after his death?

**The Holy Fox** Aug 28 2019 Bestselling historian Andrew Roberts's much-admired reappraisal of one of the most influential - and controversial - British politicians of the 1930s. A fox-hunting Anglo-Catholic aristocrat, nicknamed 'The Holy Fox' by Churchill for his political guile, Halifax was one of the most prominent Tory politicians of the interwar period. As Viceroy of India, he struck a deal with Gandhi that ended the Civil Disobedience campaign. His meeting with Hitler in 1937 was a milestone in appeasement, yet just days before the infamous Munich agreement, he demanded 'the destruction of Nazism'. By May 1940, for many it was Halifax, not Churchill, who was the natural choice for Britain's war leader. Andrew Roberts' acclaimed biography draws on private documents to offer a nuanced reappraisal of an enigmatic, influential and much-maligned politician.

[The Gospel Messenger, #1](#) Jul 28 2019 Based on the Gospel of Matthew, this book is the first of five in the series. The only reason Luke is even at the church youth overnight event is because his mother convinced him to go after an argument. His mother wants him to be baptized but, at 15, Luke doesn't believe he is old enough and doesn't know Jesus well enough. That changes when Luke meets an angel who says he has been chosen by God to deliver a message. First Luke must decide if what he saw and heard is real and then he must decide if he will go. Luke sets out on what he is sure is a crazy adventure with his friend Keith. Starting on bicycles they end up crossing half the United States on a mission for God. Along the way, they learn much more about loving Jesus while facing bullies, drugs and even seeing death - - and Luke delivers God's message. He delivers it to a senior pastor of a large church and the pastor doesn't even know he needs the message.

Bride of the Fat White Vampire Aug 01 2022 After morphing into 187 very large white rats in the name of self-preservation, Jules Duchon is back to his portly self, a member of that secret class of New Orleans citizens known as the undead. Though he would like nothing better than to spend his nights raising hell and biting flesh in his beloved French Quarter, duty calls when an exclusive club of blue blood vampires demands that the 450-pound cabbie find out who is attacking its young and beautiful members. Adding insult to injury, he has to enlist the help of a former foe: a black vampire named Preston. What's a vampire to do? Without the love of a woman to ease his pain, Jules isn't convinced that his undead life is worth living. He doesn't desire Doodlebug (she may be a woman now but Jules knew her back when she was just a boy) any more than he longs for Daphne, a rat catcher who nourishes a crush the size of Jules. No, only Maureen will do. Once a beautiful stripper with nothing but curve after curve to her bodacious body, now she is mere dust in a jar. But Jules will move heaven and earth to get her back . . . even if it means pulling her back from the dead.

*Fierce Invalids Home From Hot Climates* Apr 28 2022 "As clever and witty a novel as anyone has written in a long time . . . Robbins takes readers on a wild, delightful ride. . . . A delight from beginning to end."—Buffalo News Switters is a contradiction for all seasons: an anarchist who works for the government; a pacifist who carries a gun; a vegetarian who sops up ham gravy; a cyberwhiz who hates computers; a man who, though obsessed with the preservation of innocence, is aching to deflower his high-school-age stepsister (only to become equally enamored of a nun ten years his senior). Yet there is nothing remotely wishy-washy about Switters. He doesn't merely pack a pistol. He is a pistol. And as we dog Switters's strangely elevated heels across four continents, in and out of love and danger, discovering in the process the "true" Third Secret of Fatima, we experience Tom Robbins—that fearless storyteller, spiritual renegade, and verbal break dancer—at the top of his game. On one level this is a fast-paced CIA adventure story with

comic overtones; on another it's a serious novel of ideas that brings the Big Picture into unexpected focus; but perhaps more than anything else, *Fierce Invalids* is a sexy celebration of language and life. Praise for *Fierce Invalids Home From Hot Climates* "Superb."—New York Post "Dangerous? Wicked? Forbidden? You bet. . . . Pour yourself a bowl of chips and dig in."—Daily News, New York "Robbins is a great writer . . . and definitely a provocative rascal."—The Tennessean "Whoever said truth is stranger than fiction never read a Tom Robbins novel. . . . Clever, creative, and witty, Robbins tosses off impassioned observations like handfuls of flower petals."—San Diego Union-Tribune

**Hazardous Imaginings** Dec 25 2021 Science fiction is NOT a safe space! Two short novels and three stories by the author of *Fat White Vampire Blues* push the boundaries of taboo in science fiction. An English archeologist who yearns for the love of a young Jewish refugee sets out to convince a majority of the world's population that the Holocaust never happened - hoping to not only wipe it from the annals of history, but also from reality. The Martian colony Bradbury sends an investigator to pursue a gay Uyghur murderer in a future Australian city where members of each ethnic and grievance group are invisible to all those who don't belong to their tribe. A far-future academic treatise describes a rediscovered Fusionist liturgical text that combines the writings of radical feminist Joanna Russ and female slavery fantasist John Norman. An aggressively therapeutic State of Florida lovingly wraps its bureaucratic tentacles around those it deems unenlightened. A born-again Christian cafeteria worker in a small Texas college town becomes the only friend of an insectoid alien come to evacuate humanity from a doomed Earth. These stories leave no sacred cows unprodded. "Remarkable work in an incendiary time. The Truest Quill." -Barry N. Malzberg, author of *Beyond Apollo* and *Breakfast in the Ruins* "Andrew Fox writes like a combination of Kurt Vonnegut, Dave Barry and Molly Ivins..." -Lucius Shepard, author of *The Golden* and *Life During Wartime*
