The Court of Queen's Bench of Manitoba, 1870-1950 Nov 20 2021 This study of the Manitoba judiciary is not only the first biographical history to examine an entire provincial bench, it is also one of the first studies to offer an internal view of the political nature of the judicial appointment process. Dale Brawn has penned the biographies of the first thirty-three men appointed to Manitoba's Court of Queen's Bench. The relative youth of Manitoba as a province and the small size of its legal profession makes possible an exceptionally detailed investigation of the background of those appointed to the province's highest trial court. The biographical data that Brawn has collected for this book highlights the extent to which judicial candidates underwent a socialization process designed to produce a legal elite whose members shared remarkably similar views and ways of thinking. In addition, these biographies suggest that until at least 1950, seats on provincial benches were rewards for political services rendered. Many lawyers became judges not because of their legal ability, but because they had made themselves known in the communities in which they practiced. This fascinating study offers an intimate look at personalities ranging from prime ministers to members of the bench and both senior levels of government.

In fact, many of Manitoba's early judges spent little time actually practising law, since professional merit was not a criterion for judicial appointments. Rather, it was relationships with influential mentors and communities that ensured appointments and ultimately propelled careers. Brawn offers an in-depth analysis of how the paths to the bench of competent and connected and less competent and connected lawyers differed. This book is one of the few studies to examine why many of the best and brightest members of the bar either did not want to go to the bench, or if they did, why they did not get there.

[The Adventures of Alice in Wonderland - Illustrated by Thomas Maybank](#) Sep 26 2019 This edition of Alice's Adventures in Wonderland, originally published in 1907, is fully illustrated in pen-and-ink, by the charming drawings of Thomas Maybank. Hector Thomas Maybank Webb (1869 - 1929), was a prolific artist, who aside from his literary illustrations, also contributed to Punch Magazine, and the Daily Sketch. His drawings are full of character and movement - bringing this classic tale to life in a truly imaginative and exciting manner. "Alice in Wonderland" is the best known work of Charles Lutwidge Dodgson (1832 - 1898), better known by his pen name, "Lewis Carroll". Telling the story of a girl named Alice who falls down a rabbit hole into a fantasy world populated by surreal and anthropomorphic creatures, the book was a huge commercial success on its initial publication in 1865. It was followed by its sequel, Through the Looking-Glass, and What Alice Found There, in 1871. The books play at the heart of logical problems and literary nonsense - giving the narrative lasting popularity with adults and children alike. Pook Press celebrates the great "Golden Age of Illustration" in children's literature - a period of unparalleled excellence in book illustration from the 1880s to the 1930s. Our collection showcases classic fairy tales, children's stories, and the work of some of the most celebrated artists, illustrators and authors.
