Farewell to the Horse Oct 08 2020 THE SUNDAY TIMES HISTORY BOOK OF THE YEAR 2017 'A beautiful and thoughtful exploration of the role of the horse in creating our world' James Rebanks 'Scintillating, exhilarating ... you have never read a book like it ... a new way of considering history' Observer The relationship between horses and humans is an ancient, profound and complex one. For millennia horses provided the strength and speed that humans lacked. How we travelled, farmed and fought was dictated by the needs of this extraordinary animal. And then, suddenly, in the 20th century the links were broken and the millions of horses that shared our existence almost vanished, eking out a marginal existence on race-tracks and pony clubs. Farewell to the Horse is an engaging, brilliantly written and moving discussion of what horses once meant to us. Cities, farmland, entire industries were once shaped as much by the needs of horses as humans. The intervention of horses was fundamental in countless historical events. They were sculpted, painted, cherished, admired; they were thrashed, abused and exposed to terrible danger. From the Roman Empire to the Napoleonic Empire every world-conqueror needed to be shown on a horse. Tolstoy once reckoned that he had cumulatively spent some nine years of his life on horseback. Ulrich Raulff's book, a bestseller in Germany, is a superb monument to the endlessly various creature who has so often shared and shaped our fate.

A History of the End of the World Jun 23 2019 "[The Book of] Revelation has served as a "language arsenal" in a great many of the social, cultural, and political conflicts in Western history. Again and again, Revelation has stirred some dangerous men and women to act out their own private apocalypses. Above all, the moral calculus of Revelation—the demonization of one's enemies, the sanctification of revenge taking, and the notion that history must end in catastrophe—can be detected in some of the worst atrocities and excesses of every age, including our own. For all of these reasons, the rest of us ignore the book of Revelation only at our impoverishment and, more to the point, at our own peril." The mysterious author of the Book of Revelation (or the Apocalypse, as the last book of the New Testament is also known) never considered that his sermon on the impending end times would last beyond his own life. In fact, he predicted that the destruction of the earth would be witnessed by his contemporaries. Yet Revelation not only outlived its creator; this vivid and violent revenge fantasy has played a significant role in the march of Western civilization. Ever since Revelation was first preached as the revealed word of Jesus Christ, it has haunted and inspired hearers and readers alike. The mark of the beast, the Antichrist, 666, the Whore of Babylon, Armageddon, and the Four Horsemen of the Apocalypse are just a few of the images, phrases, and codes that have burned their way into the fabric of our culture. The questions raised go straight to the heart of the human fear of death and obsession with the afterlife. Will we, individually or collectively, ride off to glory, or will we drown in hellfire for all eternity? As those who best manipulate this dark vision learned, which side we fall on is often a matter of life or death. Honed into a weapon in the ongoing culture wars between states, religions, and citizenry, Revelation has significantly altered the course of history. Kirsch, whom the Washington Post calls "a fine storyteller with a flair for rendering ancient tales relevant and appealing to modern audiences," delivers a far-ranging, entertaining, and shocking history of this scandalous book, which was nearly cut from the New Testament. From the fall of the Roman Empire to the Black Death, the Inquisition to the Protestant Reformation, the New World to the rise of the Religious Right, this chronicle of the use and abuse of the Book of Revelation tells the tale of the unfolding of history and the hopes, fears, dreams, and nightmares of all humanity.

Their Last Suppers Jan 23 2022 Did you know that Adolf Hitler was a vegetarian and his longtime private chef was Jewish? What dish played an integral role in Marilyn Monroe's unsuccessful bid to woo back Bobby Kennedy? Part historical narrative and part grilling guide and cookbook, Andrew Caldwell's Their Last Suppers: Legends of History and Their Final Meals guides history buffs and gourmands alike through gastronomically inspired biographical accounts of more than 20 legendary personalities. Unearthing recipes as far back as 323 B.C., Caldwell, the History Chef, provides insight into 2,000 years of culinary lore. Each historical figure's profile includes a brief description of pursuits and accomplishments as well as little-known anecdotes, popular foods of his or her time period, recipes for the figure's actual last meal, and cooking tips. Because the kitchens of Montezuma, Caesar, and other notables profiled within the book were often very basic, Caldwell brings their fare into modern kitchens, although he strongly believes that, whenever possible, grills and open fires should be used for most dishes and therefore provides specific preparation tips throughout. From the Titanic's 12-course tasting menu to personal recipes for Princess Diana's Favorite Watercress Soup, Elvis Presley's Fried Peanut Butter and Banana Sandwich, Julius Caesar's Ambrosia, Cleopatra's Hummus, and Stone Crab à la Kennedy, historians and foodies alike will relish the trivia and tastings paired within Their Last Suppers: Legends of History and Their Final Meals.

The Last Battle Apr 13 2021 The classic account of the final offensive against Hitler's Third Reich -- newly in print for the 50th anniversary of VE Day. The Battle for Berlin was the culminating struggle of World War II in the European theater, the last offensive against Hitler's Third Reich, which devastated one of Europe's historic capitals and brought the Nazi leviathan to its downfall. It was also one of the war's bloodiest and most pivotal moments, whose outcome would play a part in determining the complexion of international politics for decades to come. The Last Battle is the compelling account of this final battle, a story of brutal extremes, of stunning military triumph alongside the stark conditions that the civilians of Berlin experienced in the face of the Allied assault. As always, Ryan delves beneath the military and political forces that were dictating events to explore the more immediate questions of survival, where, as the author describes it, "to eat had become more important than to love, to burrow more dignified than to fight, to exist more militarily correct than to win." The Last Battle is the story of ordinary people, both soldiers and civilians, caught up in the despair, frustration, and terror of defeat. It is history at its best, a masterful illumination of the effects of war on the lives of individuals, and one of the enduring works on World War II.

History of English Sounds Sep 06 2020

Last Night a DJ Saved My Life Oct 20 2021 "A riveting look at record spinning from its beginnings to the present day . . . A grander and more fascinating story than one would think" (Time Out). This is the first comprehensive history of the disc jockey, a cult classic now updated with five new chapters and over a hundred pages of additional material. It's the definitive account of DJ culture, from the first record played over airwaves to house, hip-hop, techno, and beyond. From the early development of recorded and transmitted sound, DJs have been shaping the way we listen to music and the record industry. This book tracks down the inside story on some of music's most memorable moments. Focusing on the club DJ, the book gets first-hand accounts of the births of disco, hip-hop, house, and techno. Visiting legendary clubs like the Peppermint Lounge, Cheeta, the Loft, Sound Factory, and Ministry of Sound, and with interviews with legendary DJs, Last Night a DJ Saved My Life is a lively and entertaining account of musical history and some of the most legendary parties of the century. "Brewster and Broughton's ardent history is one of barriers and sonic booms, spanning almost 100 years, including nods to pioneers Christopher Stone, Martin Block, Douglas 'Jocko' Henderson, Bob 'Wolfman Jack' Smith and Alan 'Moondog' Freed." —Publishers Weekly

Final Freedom May 03 2020 This book examines emancipation after the Emancipation Proclamation of 1863. Focusing on the making and meaning of the Thirteenth Amendment, Final Freedom looks at the struggle among legal thinkers, politicians, and ordinary Americans in the North and the border states to find a way to abolish slavery that would overcome the inadequacies of the Emancipation Proclamation. The book tells the dramatic story of the creation of a constitutional amendment and reveals an unprecedented transformation in American race relations, politics, and constitutional thought. Using a wide array of archival and published sources, Professor Vorenberg argues that the crucial consideration of emancipation occurred after, not before, the Emancipation Proclamation; that the debate over final freedom was shaped by a level of volatility in party politics underestimated by prior historians; and that the abolition of slavery by constitutional amendment represented a novel method of reform that transformed attitudes toward the Constitution.

Senate Final History Jul 29 2022

The End of the End of History Aug 18 2021 The "End of History" is over. The idea that Western liberal democracy was the "final form of human government" has been

exposed as bluster: the old order is crumbling before our eyes. Angry anti-politics have arisen to threaten political establishments across the world. Elites have fallen into hysteria, blaming voters, "populism", Putin, Facebook... anyone but themselves. They are suffering from Neoliberal Order Breakdown Syndrome. Emerging from four years of interviews and debates on the popular global politics podcast Aufhebung, *The End of the End of History* examines how the political consequences of the 2008 financial crisis have come home to roost. If Trump and Brexit shattered the liberal-democratic consensus in 2016, then the global pandemic of 2020 put a final end to the "End of History". Politics is back, but it's stranger than ever.

Henry VIII and Francis I Sep 26 2019 This book, based on a wide variety of contemporary sources, re-examines the little-studied late war between Henry VIII and Francis I in order to assess its impact on both countries and its influence on strategies and tactics for waging war and making peace in the 1540s.

National Curriculum History Working Group Final Report Dec 22 2021

At the Dark End of the Street Nov 08 2020 Here is the courageous, groundbreaking story of Rosa Parks and Recy Taylor—a story that reinterprets the history of America's civil rights movement in terms of the sexual violence committed against Black women by white men. "An important step to finally facing the terrible legacies of race and gender in this country." —The Washington Post Rosa Parks was often described as a sweet and reticent elderly woman whose tired feet caused her to defy segregation on Montgomery's city buses, and whose supposedly solitary, spontaneous act sparked the 1955 bus boycott that gave birth to the civil rights movement. The truth of who Rosa Parks was and what really lay beneath the 1955 boycott is far different from anything previously written. In this groundbreaking and important book, Danielle McGuire writes about the rape in 1944 of a twenty-four-year-old mother and sharecropper, Recy Taylor, who strolled toward home after an evening of singing and praying at the Rock Hill Holiness Church in Abbeville, Alabama. Seven white men, armed with knives and shotguns, ordered the young woman into their green Chevrolet, raped her, and left her for dead. The president of the local NAACP branch office sent his best investigator and organizer—Rosa Parks—to Abbeville. In taking on this case, Parks launched a movement that exposed a ritualized history of sexual assault against Black women and added fire to the growing call for change.

Seminole Wars Oct 27 2019 Discover the remarkable history of the Seminole Wars... The Europeans who came to the New World did not land upon a continent devoid of people. Yet to the Spanish, French, and English who traveled from their countries in search of gold and land, the native populations already living on the North American continent were an inferior race. Enslavement, eradication, and imprisonment were the just fates, they felt, for any who could keep them from attaining the wealth they sought. The Seminole Wars, which took place in modern-day Florida in three different phases of the first half of the nineteenth century, were at first glance the battle between the Native Americans who lived in Florida and the settlers who wanted that land for themselves. However, the settlers from Georgia and the Carolinas were also furious because the Seminoles provided a haven for African-American slaves who sought freedom. Andrew Jackson, the military leader and future president of the United States, supported the Indian Removal Act which would force the native peoples to leave their homes to live west of the Mississippi, in the Indian Territory that is now Oklahoma. The Seminoles refused to leave without resistance, and as a result, they were at war with the United States government. In the end, of course, most of them were relocated to the Indian Territory, but a remnant remained behind and their descendants had the hard-won satisfaction of being recognized, in 1957, as the Seminole Tribe of Florida by the U.S. federal government. Discover a plethora of topics such as Origin of the Seminole Tribe A Sanctuary for Slaves The First Seminole War The Second Seminole War The Third Seminole War The Legacy of the Seminole Wars And much more! So if you want a concise and informative book on the Seminole Wars, simply scroll up and click the "Buy now" button for instant access!

A History of Egypt from the End of the Neolithic Period to the Death of Cleopatra VII B.C. 30 (Routledge Revivals) Dec 10 2020 Sir E. A. Wallis Budge (1857-1934) was Keeper of the British Museum's department of oriental antiquities from 1894 until his retirement in 1924. Carrying out many missions to Egypt in search of ancient objects, Budge was hugely successful in collecting papyri, statues and other artefacts for the trustees of the British Museum: numbering into the thousands and of great cultural and historical significance. Budge published well over 100 monographs, which shaped the development of future scholarship and are still of great academic value today, dealing with subjects such as Egyptian religion, history and literature. This volume, first published in 1902, is the seventh of eight volumes by Budge dealing with different periods in the history of Egypt. The narrative begins with the reign of Uah-ab-R, a king of the XXVth Dynasty, and ends with that of Ptolemy IV. A period of increasing national prosperity, the influence of external influences can be seen during these years, which Budge argues paved the way for the advent of Christianity. This is a fascinating and important work, which is still of great value to those interested in Egyptology and archaeology.

A History of the Society of Graphical and Allied Trades Jul 25 2019 A wide-ranging and authoritative history of SOGAT, which provides a valuable insight into the paper and printing industries during a period of great change, and an examination of crucial moments in recent UK industrial relations history.

Young Ireland, Vol. 2 Nov 20 2021 Excerpt from Young Ireland, Vol. 2: A Fragment of Irish History, 1840-45, Final Revision The cards of the Association, of which the Crown Counsel had not made much use, seemed a very serious offence in the eyes of the judge. One of them, he remarked, had on the face of it inscribed in green colours an enumeration of the powers, population, and resources of Ireland relatively to other countries, and it concluded with a sort of chorus And yet she has no Parliament. To disseminate upon these cards that from their strength and consequence the people of Ireland ought to have a Parliament, and yet had not one, was to disseminate a statement of matters upon which the members of the Association had no right to make a decision. Others of them contained portraits of persons implicated in rebellious or treasonable practices. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.

The Last Duel Dec 30 2019 NEW YORK TIMES BESTSELLER • NOW A MAJOR MOTION PICTURE • "A taut page-turner with all the hallmarks of a good historical thriller." —Orlando Sentinel The gripping true story of the duel to end all duels in medieval France as a resolute knight defends his wife's honor against the man she accuses of a heinous crime In the midst of the devastating Hundred Years' War between France and England, Jean de Carrouges, a Norman knight fresh from combat in Scotland, returns home to yet another deadly threat. His wife, Marguerite, has accused squire Jacques Le Gris of rape. A deadlocked court decrees a trial by combat between the two men that will also leave Marguerite's fate in the balance. For if her husband loses the duel, she will be put to death as a false accuser. While enemy troops pillage the land, and rebellion and plague threaten the lives of all, Carrouges and Le Gris meet in full armor on a walled field in Paris. What follows is the final duel ever authorized by the Parlement of Paris, a fierce fight with lance, sword, and dagger before a massive crowd that includes the teenage King Charles VI, during which both combatants are wounded—but only one fatally. Based on extensive research in Normandy and Paris, The Last Duel brings to life a colorful, turbulent age and three unforgettable characters caught in a fatal triangle of crime, scandal, and revenge. The Last Duel is at once a moving human drama, a captivating true crime story, and an engrossing work of historical intrigue with themes that echo powerfully centuries later.

Bulletin of the Illinois State Laboratory of Natural History Jul 05 2020

The Last Mission Aug 30 2022 A gripping account of the final American bombing mission of World War II and how it prevented a military coup that would have kept Japan in the war. How close did the Japanese come to not surrendering to Allied forces on August 15, 1945? The Last Mission explores this question through two previously neglected strands of late—World War II history, whose very interconnections could have caused a harrowing shift in the course of the postwar world. On the final night of the war, as Emperor Hirohito recorded a message of surrender for the Japanese people, a band of Japanese rebels, commanded by War Minister Anami's elite staff, burst into the palace. They had plotted a massive coup that aimed to destroy the recordings of the Imperial Rescript of surrender and issue false orders forged with the Emperor's seal commanding the widely dispersed Japanese military to continue the war. If this rebellion had succeeded, the military would have proceeded with large-scale kamikaze attacks on Allied forces, costing huge casualties and just possibly provoking the Americans to drop a third atomic bomb on Japan over Tokyo—and continue to drop more bombs as Japanese resistance stiffened. Meanwhile, in the midst of an "end-of-war" celebration on Guam, Air Force radio operator Jim Smith and his fellow crewmen received urgent orders for a bombing mission over Japan's sole remaining oil refinery north of Tokyo. As a stream of American B-29B bombers approached Tokyo, Japanese air defenses, fearing the approaching planes signaled the threat of a third atomic bomb, ordered a total blackout in Tokyo and the Imperial Palace, completely disrupting the rebels' plans. Smith and his fellow crewmembers completed the mission, and a few hours later, the Emperor announced the surrender over Japan's airwaves, dictating the end of the war. The Last Mission is an insightful piece of speculative investigation that combines narrative storytelling with historical contingency and explores how two seemingly unrelated events could have profoundly changed the course of modern history.

The 50 Final Events in World History Apr 25 2022 How much do you know about the end of the world? In The 50 Final Events in World History, beloved and respected pastor Robert J. Morgan takes readers on a journey through end-times prophecy, walking step-by-step through the end of the world to the dawn of the new kingdom of heaven. Heard of worldwide pandemics? Weapons of mass destruction flashing through the air? Global water and air contamination? The nation of Israel restored after 2,000 years, encircled by hostile nations and buffered by the nation of Jordan? Air evacuations with machines having two wings? Threats from Russia and Asia? Extremism in Turkey? Clamor for globalization? Hand implants for commerce and security? The gospel penetrating unreached places? Violent persecution? Cascading wickedness? The world falling apart? All of this is predicted in the book of Revelation. If you find yourself baffled and maybe even a little intimidated by end times and the book of Revelation, The 50 Final Events in World History will be a comprehensive yet easy-to-understand overview of the book of Revelation, resource you can turn to again and again, helpful tool that translates the events of Revelation both literally and sequentially, and guide to interpret present circumstances as well as future events. Revelation is the Bible's final words on the world's last days. The key is understanding its simple sequence of events—one after another, clearly laid out—the fifty final events in world history. This is information we need to know now since we might soon be on the doorstep of event #1.

Assembly Final History Feb 21 2022

End of History and the Last Man Sep 30 2022 Ever since its first publication in 1992, The End of History and the Last Man has provoked controversy and debate.

Francis Fukuyama's prescient analysis of religious fundamentalism, politics, scientific progress, ethical codes, and war is as essential for a world fighting fundamentalist terrorists as it was for the end of the Cold War. Now updated with a new afterword, The End of History and the Last Man is a modern classic.

The Final Collapse [Illustrated Edition] May 27 2022 General Cao Van Vien describes the final collapse of the South Vietnamese forces in 1975 following the military U.S. withdrawal. "General Cao Van Vien was the last chairman of the South Vietnamese Joint General Staff. For almost ten years he worked closely with other senior Vietnamese officers and civilian leaders and dealt with U.S. military and civilian representatives in Saigon. General Vien is therefore particularly well qualified to give an account of the final years from a South Vietnamese standpoint. " This is one of a series of monographs written by officers who held responsible positions in the Cambodian,

Laotian, and South Vietnamese armed forces. " Includes over 20 maps, tables and illustrations.
