[Picking Up My Shattered Pieces](#) Jul 17 2021 By every indication, Gina Pastore was enjoying the fruits of a long marriage after raising two children. She and her husband, Frank, were childhood sweethearts whose lives unfolded like a Hollywood movie: he found fame pitching for the Cincinnati Reds; she tended to the home fires with a son and daughter. It was during Frank's big league career that they turned their priorities from materialism to the things in life that really matter: God, family, and integrity. When Frank retired, he went into ministry, but even such a noble pursuit had its difficulties. Then in 2004, Frank became the host of the Frank Pastore Show on KKLA, a Christian radio station in Los Angeles. His weekday program quickly became popular. And then one afternoon while commuting home on his Honda VTX 1800 motorcycle their lives changed forever in an instant. What follows is Gina's account of the "rest of the story" and a reminder that in times of trouble and tribulation, God calls us to persevere and trust in Him.

[Machine Man: Genesis](#) Jan 29 2020 Imagine . . . a new lease on life? New York City, the near future: John Smith is a simple, 46-year-old artist who lives a semi-reclusive existence in NYC. Stricken with cancer, Smith undergoes a dramatic change when he falls prey to a covert, cutting-edge government project. Now, with his body suddenly cancer-free but his mind in chaos, John Smith sets out to find the answers to the questions about his new life. But when he falls in love with a beautiful young woman, his search for the truth takes an unusual twist. Suddenly willing to accept things as they are, Smith tries to put his past behind him and live a simple and normal existence. On his trail, however, is an evil, sadistic U.S. government whose sights are set on global domination, and those plans require the involvement of Smith as well as his new found extraordinary abilities. The greatest sci-fi novels in existence are actually blunt social commentaries in sleek clothing, and W.L. Smith's debut novel is no different. In a stunning debut offering, W.L. Smith pens a tale that mirrors the qualities of the greatest sci-fi novels in existence: an intricate storyline laden with compelling characters, brisk momentum, and a scathing commentary on human society. A powerful fable about human society's dark future, and the essence of human life, MACHINE MAN: GENESIS, is one explosive, thought-provoking thriller; one that could soon find its way to the movie theaters in the near future. You can order a copy of MACHINE MAN: GENESIS at this online bookstore: Xlibris.com ISBN13 (TP) : 978-1-4257-9758-4 ISBN13 (HB) : 978-1-4257-9768-3

**Guardian of the Republic** Jan 23 2022 The inspiring life and uncensored views of a veteran, patriot, former Congressman, conservative icon, and warrior for personal liberty... Over the course of the past few decades, Allen West has had many titles bestowed on him, among them Lt. Colonel, U.S. Representative, "Dad," and Scourge of the Far Left. He rose from humble beginnings in Atlanta where his father instilled in him a code of conduct that would inform his life ever after. Throughout his years leading troops, raising a loving family, serving as Congressman in Florida's 22nd district, and emerging as one of the most authentic voices in conservative politics, West has never compromised the core values on which he was raised: family, faith, tradition, service, honor, fiscal responsibility, courage, freedom. Today, these values are under attack as never before, and as the far Left intensifies its assaults, few have been as vigorous as West in pushing back. He refuses to let up, calling out an Obama administration that cares more about big government than following the Constitution, so-called black "leaders" who sell out their communities in exchange for pats on the head, and a segment of the media that sees vocal black conservatives as threats to be silenced. Now more than ever, the American republic needs a guardian: a principled, informed conservative who understands where we came from, who can trace the philosophical roots of our faith and freedom, and who has a plan to get America back on track. West isn't afraid to speak truth to power, and in this book he'll share the experiences that shaped him and the beliefs he would die to defend.

Jim will weave his experiences into the truth taught in Scripture. Whether or not you are part of the law enforcement community, you will be entertained by the adventures.
