[Civil War Newspaper Maps](#) Sep 02 2022 Bull Run ... Ball's Bluff... Secessionville ... Antietam ... Champion's Hill ... Chickamauga. To the Northern public during the Civil War they were exotic names of unfamiliar places where husbands, sons, fathers, and brothers fought and died. Hungry for information from these far-off battlefields, Americans began buying daily newspapers in record numbers. Competition among publishers grew keen. Correspondents reporting from the field soon began supplementing written dispatches with battlefield maps, and before long newspapers were seeking new ways to portray topography and battle lines in clear, effective images. In *Civil War Newspaper Maps* David Bosse shows how nineteenth-century advances in printing and engraving technology, coupled with an unprecedented public demand for information, led to the development of a means of mass communication still in use today - the quickly produced newspaper battlefield map. Bosse's introduction offers a concise overview of the subject, including how correspondents got maps to their papers from the field, press-military relations during the war, and the economic problems of map printing. Following the text is an atlas of forty-five newspaper maps printed by the Northern daily press. Each map is accompanied by a summary of the military operation it illustrates and a commentary on the map itself, including an evaluation of its accuracy based on comparison with other historical and cartographic sources. Arranged chronologically, the maps cover nearly every theater of the war and represent a unique historical record of one of the pivotal events in American history.

**National Intelligencer Newspaper Abstracts** Sep 29 2019 This volume, ninth in the series, contains classified ads, appointments by the President, marriage and death notices, congressional lists, advertisements, runaway slave notices and reward postings, tax lists, notable court cases, letters, accounts of military affairs, maritime information and other noteworthy events in and around the nation's capital. Where there is information about something or someone that might be of interest, an abstract was created. The newspaper reveals a personal side of the lives of many people. During the author's twenty-four years of research on her own family genealogy, she always wanted to read the *National Intelligencer* and bring to print the many stories found there. They can be found in this series. These abstracts are a great aid to finding locations, ages or relationships of ancestors in the Maryland, Washington, D.C., and Virginia areas, and elsewhere. Names of people in the news in these locales, as well as items or events which might provide a clue to an individual's location, age or relationship to others, are included. The author has organized the abstracts chronologically to make finding specific dates easier. All surnames, land tracts and vessels are included in the index.

[My Day](#) Jul 28 2019 "I think Eleanor Roosevelt has so gripped the imagination of this moment because we need her and her vision so completely. . . . She's perfect for us as we enter the twenty-first century. Eleanor Roosevelt is a loud and profound voice for people who want to change the world." -- Blanche Wiesen Cook Named "Woman of the Century" in a survey conducted by the National Women's Hall of Fame, Eleanor Roosevelt wrote her hugely popular syndicated column "My Day" for over a quarter of that century, from 1936 to 1962. This collection brings together for the first time in a single volume the most memorable of those columns, written with singular wit, elegance, compassion, and insight -- everything from her personal perspectives on the New Deal and World War II to the painstaking diplomacy required of her as chair of the United Nations Committee on Human Rights after the war to the joys of gardening at her beloved Hyde Park home. To quote Arthur Schlesinger, Jr., "What a remarkable woman she was! These sprightly and touching selections from Eleanor Roosevelt's famous column evoke an extraordinary personality." "My Day reminds us how great a woman she was." --Atlanta Journal-Constitution

His words provoked a violent standoff that crippled the city of Baltimore and left Hanson beaten within an inch of his life. This little-known episode in American history - complete with a midnight jailbreak, bloodthirsty mobs and unspeakable acts of torture - helped shape the course of war, the Federalist Party and the nation's very notion of the freedom of the press. **Lou Grant** Jun 06 2020 When Lou Grant premiered in the fall of 1977, it quickly became a symbol of television drama at its best. During its five years on the air, Lou Grant earned critical acclaim as an entertaining yet thoughtful drama about important social and political issues, a rarity for episodic television in the late 1970s. Douglass K. Daniel reveals how the creators of Lou Grant investigated journalism in the post-Watergate era to present a modern-day portrayal of the profession. They based characters, dialogue, and plots on the experiences of dozens of professional journalists. By researching social problems, they developed relevant story lines that gave episodes unusual immediacy. The show won thirteen Emmy Awards, among them two for Best Drama, and a Peabody Award. Journalists hailed the series as television's most realistic newspaper drama. The book describes the bitter controversy that erupted in 1982 when lead actor Edward Asner came under fire for his political beliefs regarding American involvement in El Salvador. Amid calls for advertiser boycotts, right-wing charges that Asner had aided the enemy, and falling ratings, CBS canceled the series. Daniel's intensive retrospect includes interviews with actors, producers, writers, directors, network censors, and journalists. He summarizes all 114 episodes. discusses original character sketches, and includes editorial cartoons.

Iron Editor Jan 02 2020 Advocacy journalism is decimating newspapers. Since Watergate, newspapers have lost touch with the readers by turning into boring, preachy and lifeless publications. Today's editors want to win awards, not connect with readers. As newspaper executives are trying to save the world, they are killing an industry. And fewer readers are relying on newspapers as their primary source of information. Editors around the country are desperately scrambling for answers by turning to conferences, readership studies and surveys for help. But the drastic drop continues. In the IRON EDITOR, author Michael A. Raffaele provides a pull-no-punches analysis of the newspaper industry and offers vital steps needed to boost sales at the newsstands. Raffaele reveals his concept of an ideal editor, the "Iron Editor." Time is running out for editors. The industry is in peril. Only an "Iron Editor" can save it.
