The Mistress Jul 26 2019 Mauro Bruno receives a mysterious envelope containing a letter he wrote to his wife twenty-five years ago on the day she was murdered. The letter was stolen by the killer, who was never caught. The same day he receives the envelope, the desiccated body of a woman is discovered behind the wall in the president of Italy's office with his letter opener lying beside her. For over two decades, a Mafia chieftain has been grooming a government official, killing anyone standing in the way of his progression within the ranks of government. Now running for president, the chieftain's protégé is neck and neck with the current president, his victory assuring the Mafia will have a grip on the country for at least the next decade. These are the related events that confront BD&D investigations, which have been hired by Dante Acardi, the deputy commissioner of the Polizia di Stato, to find who this woman was and who killed her before the president's political opponent learns of it. Digging into the woman's background, Bruno discovers that she and his late wife had something in common, which ultimately led to their deaths. But finding her identity and murderer soon takes second place to staying alive. In this latest Bruno, Donati, and Donais novel, the three investigators find themselves pitted against the Mafia, the president's political rival, and an assassin who has never failed to deliver on a contract - all wanting them dead before they can unravel the mystery of the dead woman.

A Memoire Dec 23 2021 A Memoire By: Col. Robert W. Reeves, USAF (Ret.) Bob Reeves was born in Spokane, WA, December 12, 1929. His parents moved to Portland OR in 1936, and he attended elementary and graduated high school there. He then attended Oregon State College and graduated with a B.S. Degree in Agriculture in 1952. He was then commissioned in the USAF and entered active duty in August of that year. He completed pilot training in December, 1953. He is a Command Pilot and served in both the Korean and Vietnam conflicts. Bob commanded the 14th Tactical Reconnaissance Squadron in SEA, was Deputy Commander for Operations and Training at Tyndall AFB, and was Deputy Commander for Operations, 23d NORAD Region at Duluth, MN, a joint U.S. and Canadian command where he retired in April, 1977. He and Nancy then returned to Panama City where they built a home in Parker, a suburb. Bob was employed by Sowell Aviation Company and served in many line and managerial positions over the next 12 years. He taught instrument and ATP, initiated a seaplane course, worked in sales and finally taught the ATP Ground school. After full retirement, Bob got into civic service jobs. He worked three years for Catholic Services three days a week trucking in donations and selling in the warehouse on Saturdays. He then volunteered at the Tyndall AFB pharmacy and worked there for six years. Bob was a member of Rotary and served as club president twice, was a District Governor for a one year term and was active both at district and zone levels. He was also a member of the Daedalians and served as Flight Captain for two years. After 43 years in the house in Parker, they sold the house and bought a condo, Harbour Village, at St. Andrews in Panama city.

Land Rover Defender Mar 14 2021 Known around the globe as an icon of British engineering, the Land Rover Defender is the ultimate off-roader that has delighted owners for generations. Combining military utility with classic and distinctive design, the Defender had been a ubiquitous presence on the automobile scene since its release more than half a century ago. But 68 years since the first model came on the market, the production line came to a halt in January 2016. This presents the perfect opportunity to look back over the Land Rover's history, from its first iteration as a utility vehicle in 1948, to the 21st Century special editions. Landy fans and petrol-heads alike will love Land Rover Defender, a highly illustrated collection of classic and limited edition models, filled with specs, stats, and images of Defenders both at home and abroad. From its reputation as the essential go-anywhere vehicle, the Defender has even won some famous fans, and owners can include the Queen, Sir Winston Churchill and actor Steve McQueen amongst their numbers. In recent years, the Defender has gained a second life as a city vehicle, and proves itself to be just as at home bombing around the streets of London as it always has been in the West Country mud or on the African savannah. The last model came off the production line in February 2016, and Land Rover Defender will be a treasure trove for car lovers and Landy owners alike.

Range Rover Second Generation Nov 02 2022 The second generation Range Rover was arguably Land Rover's first model designed as a luxury vehicle. It was a major leap for the company, but a very successful one as well. Despite controversy

over its looks, and some initial teething problems, it became a worthy successor to the much-loved original. Range Rover Second Generation The Complete Story draws on the memories of designers and engineers as well as on a wide variety of factory sources to provide the most authoritative history of the mode yet. The book covers the full development history; the changes during eight years of production; Range Rovers for the North American market; full technical specifications and finally Range Rovers and the emergency services. A companion volume to the author's Range Rover First Generation - The Complete Story (Crowood 2018).

Range Rover First Generation Jul 30 2022 The Range Rover's designers intended it to be a more comfortable and road-friendly passenger-carrying Land Rover, but customers quickly saw something much more in it. During the 1970s, while its immense practicality and capability were appreciated and acknowledged, a Range Rover became a sought-after and prestigious possession. It went on to change the face of Land Rover for ever. The book covers the full development story; the changes made during twenty-six years of production; custom and utility conversions; Range Rovers for the US market; full technical specifications and finally, Range Rovers assembled overseas. If ever a car deserved the over-used epithet 'iconic', the first-generation Range Rover is it.

Ethics, Law and Society May 04 2020 This key collection brings together a selection of papers commissioned and published by the Cardiff Centre for Ethics, Law & Society. It incorporates contributions from a group of international experts along with a selection of short opinion pieces written in response to specific ethical issues. The collection addresses issues arising in biomedical and medical ethics ranging from assisted reproductive technologies to the role of clinical ethics committees. It examines broader societal issues with particular emphasis on sustainability and the environment and also focuses on issues of human rights in current global contexts. The contributors collect responses to issues arising from high profile cases such as the legitimacy of war in Iraq to physician-related suicide. The volume will provide a valuable resource for practitioners and academics with an interest in ethics across a range of disciplines.

Apples, Oranges and Lemons Sep 27 2019 When purchasing your vehicle, you should probably expect to be lied to by everyone from the sales department to the financial department. Apples, Oranges, and Lemons is a one-of-a-kind, tell-all book about the automobile trade that reveals inside secrets they don't want you to know. There is no other book like it. It is written by the only person who could, or would. Phillip James Grismer knows the automobile industry from the inside out. He first apprenticed in a number of import auto shops, eventually rising through the ranks and opening his own facility. Grismer draws on his thirty-seven years of experience to expose how the industry really works. He provides answers on how to deal with a "lemon" while offering advice on how to make the best buy before purchasing your vehicle. Discover how the valuation and appraisal process works and how the history of your vehicle affects you and your money. Grismer's conversational style makes the information accessible while offering personal insight on the process of vehicle manufacturing and servicing. Even the most casual reader will be enlightened and entertained by the inner workings of the automobile manufacturing, sales, and service industry. But most importantly, this handy reference guide empowers the consumer to make well-informed decisions about vehicles.

Fifty-Fifty, the Clarity of Hindsight Oct 21 2021 There's a lot to be said for The Clarity of Hindsight and for making it to age 50! Author Julie L. Kessler has crammed a lot of living into those years, and she shares them in her insightful new book Fifty-Fifty, The Clarity of Hindsight. This compilation of lessons learned by the 50-year-old lawyer, wife, mother and world traveler contains 50 chapters that describe her fascinating travel, work and life adventures around the globe and at home. She has lived and worked abroad, speaks several languages and writes in wonderful Clarity about her often hilarious, yet sometimes heartbreaking experiences. The daughter of immigrant parents, the author notes that her mother traveled right up to the end of her life, which came just three months following her 51st birthday. In her honor, and to mid-centurions everywhere, I devote these writings. The very best is right now and exactly where you are headed. Wherever that may be.

Jue 477 May 28 2022 Revealed to the world in 1948, the Land-Rover not only revived the Rover Company's fortunes in an austerity-riddled post-war period, but galvanized its future, thanks to the model's almost immediate success. With the manufacture of an initial 48 'pre-production' examples coming to a close, the first official production models were assembled - starting with chassis 860001. As original factory records prove, this pivotal vehicle was destined for His Royal Highness King George VI, but the decision was made to postpone the presentation and instead, 'number one' was retained by the factory until 1950, when it was registered JUE 477 before leaving Rover Company ownership. After decades left out in the cold and exposed to the elements, 860001 had certainly seen better days, but thanks to the determination of Sir Jim Ratcliffe, founder and Chairman of INEOS, the future of JUE 477 was secured in 2017. Over the next two years, a dedicated team of experts, led by chief restorer, Julian Shoolheifer set about restoring the vehicle while retaining as much of its original DNA as was physically, and safely, possible and making sure that this remarkable vehicle's history and past life was still worn with pride.

Range Rover Sport 2005-2013 Sep 19 2021 When the Range Rover Sport was launched in 2005, it was aimed at a new group of customers who in many cases would never have considered a Land Rover product before. These customers wanted and could afford a luxurious vehicle that was expensive to run; but they also wanted a very personalized vehicle that did not have the rather grand and conservative connotations of the full-size Range Rover. Brasher and more glamorous than its older sibling, the Sport was soon adopted by celebrities and others who expected to be noticed. Range Rover Sport - The Complete Story is the first book devoted specifically to the first-generation Range Rover Sport. It tells the story behind the

development and launch of the vehicle; it explains the market reaction, including contemporary press reviews; provides details of each model with technical specification tables and colour and trip options; lists production figures and VIN identification and dating; details prices and sales figures for the UK, USA and Canada and finally, includes a useful chapter on buying and owning.

Factory 19 Aug 19 2021 We're told that the future will be brighter. But what if human happiness really lies in the past? Hobart, 2022: a city with a declining population, in the grip of a dark recession. A rusty ship sails into the harbour and begins to unload its cargo on the site of the once famous but now abandoned Gallery of Future Art, known to the world as GoFA. One day the city's residents are awoken by a high-pitched sound no one has heard for two generations: a factory whistle.

GoFA's owner, world-famous billionaire Dundas Faussett, is creating his most ambitious installation yet. He's going to defeat technology's dominance over our lives by establishing a new Year Zero: 1948. Those whose jobs have been destroyed by Amazon and Uber and Airbnb are invited to fight back in the only way that can possibly succeed: by living as if the internet had never been invented. The hold of Bezos, Musk, Zuckerberg and their ilk starts to loosen as the revolutionary example of Factory 19 spreads. Can nostalgia really defeat the future? Can the little people win back the world? We are about to find out. 'Like Orwell, of whom he has written so brilliantly, Dennis Glover's work is charged with courage, intelligence and purpose. He is the complete writer, and one made for our times.' —Don Watson 'Savagely hilarious and unlike anything else you'll read this year. It boils with the anger of the present moment.' —Rohan Wilson

Range Rover 4X4 1995-2001 -Performance Portfolio Feb 22 2022 The second generation Range Rovers were conceived before the BMW take-over, as was the agreement to use the BMW diesel engine. Sales were strong and it quickly out-sold its predecessor. Limited editions and special editions were introduced periodically. From mid-1988 the two V8 engines were re-worked to improve drivability. A minor facelift in 2000 was the last real change before production ceased in 2001.

Neglected vehicles can be very expensive to rectify. This is a book of contemporary road and comparison tests, technical and specification data, new model introductions, long term tests, buying second hand. Models covered include: Vitesse, SE, HSE, TD, Overfinch, Callaway, Vogue.
